◀ (continued from front) The Eiland Plan is supported by the Settler parties which prop up Netanyahu's Coalition government. Their aim is to resettle Gaza north of the Netzarim Corridor created by the Israeli military, which cuts Gaza in two, dividing it below Gaza City. To do so, they want Palestinians to leave the North.

According to the Israeli daily newspaper *Yedioth Ahronoth*, the military is now implementing a "scaled-down" version of the Plan in Jabalia.

Unidentified Israeli defence officials told *Ha'aretz* newspaper the Eiland Plan violates international law. Forced evacuation and starvation are war crimes.
