

Get involved

Palestinians have called on people of conscience around the world to support their struggle for justice by campaigning to put an end to corporate and financial complicity in Israel's regime of oppression.

Here's how you can get involved:

- ▶ **Email Barclays** and demand it end all business relationships with arms companies supplying Israel with weapons and technology, which is used in violence against Palestinians.
- ▶ If you're a Barclays customer, **switch to another bank and tell Barclays why you've gone**. You may wish to refer to the May 2024 report <https://palestinecampaign.org/barclays-arming-israels-apartheid-and-genocide/>
- ▶ **Join our demonstrations and other events** in Liverpool.
