

BOYCOTT THE TASTE OF GENOCIDE

by Karen Fletcher

Coca Cola operates on stolen Palestinian land
By buying these drinks you give Israel a hand
A hand that props up the Zionist state
Exterminating Palestinians at an alarming rate
We need to know what we should stop buying
So we aren't complicit in children dying
Coca cola, Fanta, Lipton Ice Tea,
Orangina, Sprite, and of course no Pepsi,
Innocent Smoothies are guilty as hell,
Buying those drinks makes you complicit as well
Schweppes, Powerade and San Pellegrino,
Knock these off your shopping list as they too are a NO NO,
Dr Pepper owned by staunch Zionists,
Volvic, Vittel and Smart Water,
Gives your money towards the slaughter,
Evian, Seven Up and Appletiser,
Profiting along with the genocider
So before you buy just have a think,
Barr and Salaam Cola are a more ethical drink
Boycott, Boycott and Boycott more,
Before you shop, just know the score,
Don't be part of Palestine's misery,
Try and be on the right side of history
